

LANFe16

Organise the land-based site

Overview

This standard describes how to organise the land-based site.

This standard is designed for lead installers. It can be applied to support any fence installation operations.

This standard covers:

- Organising sites such as fencing, horticulture and environmental sites
- Ensuring security arrangements meet the requirements
- Ensuring specifications are communicated to the correct people.

Organise the land-based site

Performance criteria

You must be able to:

- P1 ensure that health and safety policies and risk assessment requirements are put into practice across your area of responsibility
- P2 organise the work area to minimise the impact on the surrounding area
- P3 organise the site to take account of factors which may disrupt the proposed works
- P4 ensure the layout and allocation of your site are clearly identified and communicated to relevant personnel
- P5 ensure that security arrangements relevant to your area of work operation meet the requirements for personnel, equipment and material protection
- P6 ensure that systems are set up to manage environmental issues

Organise the land-based site

Knowledge and understanding

You need to know and understand:

- K1 how to communicate health and safety policies and risk assessment requirements to relevant personnel ensuring they understand their responsibilities
- K2 how to interpret specifications to determine requirements of the work area
- K3 how to set out a safe and efficient working area
- K4 the importance of maintaining the image of the organisation
- K5 how specifications and work requirements are used to determine layout and set up of the sites
- K6 outline security requirements of the sites and works
- K7 how to organise site operations to minimise the potential impact on the surrounding area
- K8 the legal requirements controlling the disposal of waste and excess material
- K9 the importance of ensuring that notices providing health and safety information are sited prominently for the benefit of all persons
