

LANTw13

Take delivery of and store plants and materials

Overview

This describes the standard for taking delivery of and storage of plants and other materials. You will be able to and be responsible for taking delivery of plants and materials, check that they meet the specification and handle and store them appropriately

You are required to report any unexpected circumstances, such as plants intended for planting being in poor condition to the appropriate person

This standard is for who undertake the delivery and storage of plants and other materials

LANTw13

Take delivery of and store plants and materials
