

SFHEND06

Prepare the delivery of endoscopic procedures

Overview

This standard covers the preparations for the delivery of endoscopic procedures. This involves preparing the equipment and the environment for the procedure, and checking that all health and safety measures are complied with. The equipment has to be set up correctly, and positioned ready for the procedure.

Users of this standard will need to ensure that practice reflects up to date information and policies.

SFHEND06

Prepare the delivery of endoscopic procedures

Performance criteria

You must be able to:

- P1 identify and gather the endoscopy equipment and drugs that will be required for the endoscopic procedure
- P2 ensure health and safety measures are implemented at all times when preparing for the endoscopic procedure
- P3 make sure that environmental conditions are established to achieve the best outcomes for the endoscopic procedure
- P4 check and confirm that the endoscopy equipment and drugs are in a suitable and safe condition for the endoscopic procedure being undertaken
- P5 dispose of any damaged or out of date items in an appropriate safe place according to organisational guidelines
- P6 handle endoscopy equipment and drugs safely, correctly, and hygienically
- P7 position and set up the endoscopy equipment in the correct way for the endoscopic procedure, and to meet the needs of the individual
- P8 keep accurate, legible, and complete records, and comply with all the relevant legal, professional, and organisational requirements and guidelines
