

## SFJ ZI03

### Maintain knowledge of trends and developments in technical disciplines

---

#### Overview

This unit is about keeping up-to-date with developments in the field of technical support, including maintaining contact with others who can provide useful and relevant information. The unit also includes making contributions to the development of technical support services and disseminating information to interested parties.

You will need knowledge and understanding of the process of identifying and evaluating information for usefulness and sufficiency, and how to disseminate information and advice.

#### **There are two elements**

1. Maintain awareness of trends and developments within area of expertise
2. Contribute to the development of technical support within area of expertise

## SFJ ZI03

### Maintain knowledge of trends and developments in technical disciplines

---
